Vuelva a intentarlo en otro momento. I didnt see one scratch. It also came right on time despite Covid. Thanks!!!I asking for compensation because to send a parcel from Georgia back to USA would be more expensive than buy a new effect.It has so many that I still have not been able to fully understand this complex effexs peddle.My order was shipped on time boxed well and yes it looked like new and was in perfect working order.

I have been playing guitar for almost 30 years and have used almost every pedal ever made. I own a GT3 and GT6 now I have the GT10 and am enjoying the many up dates to this sound machine. There is a steep learning curve with the GT10 but well worth your time. I would say to anyone who likes the older models.get the GT10 the sound will blow you away. Its also the quietest pedal Ive owned.Now, I dont use my pedals anymore. I should have bought this early on so that I would not have wasted my money on those expensive pedals. What I dont like about it is the manual that came with it. I lacks explanation on some functions.It has the ability to change ANYTHING. If you dont like a setting, change it. It also has the ability to do stereo and assign effects to different output channels. The best part is that it sets on floor.The unit has every effect you can think of as well as a couple more amp models than you will probably use.If you want to be able to experiement and seek your ideal tones, this unit is definatly for you. The system is very user freindly and you can pretty much learn how to do most things with only a few glances at the manual.You can also assign any effect or any control to the pedals Rate of delay or chorus for example as well as use the guitar simulator to make your single coil guitar sound like a humbucker or vice versa.Gracias por su comentario. Por favor, intentalo de nuevo mas tarde.This DVD explains everything you need to know to get up and running quickly. It contains handson demonstrations to help visually guide you through your new product so you can start making great music.

Host David Wills has been teaching musicians and studio owners for over 20 years and now you can receive that same advice in the comfort of your own home.Amazon calcula la calificacion de estrellas de un producto utilizando un modelo de aprendizaje mecanico en lugar de un promedio de datos sin procesar. El modelo de aprendizaje mecanizado toma en cuenta factores que incluyen la edad de una opinion, los votos de ayuda de los clientes y si las opiniones pertenecen a compras verificadas.

Gracias por su comentario. Lo sentimos, no hemos podido registrar tu voto. Vuelva a intentarlo It also got me up and running quickly using the presets available for each effect. Scrolling through and previewing the Chorus presets saved me time tweaking. The EZ Tone demo is good, although of little value for experienced guitarists who already knowledgeable on different amp models and types of effects and their common parameters. Kudos to the host, who comes across as both likable and knowledgeable. At a lower price, they might get their content in front more users, because everything about the DVD is dated, from the 4:3 aspect ratio and low standard-definition image to the cheesy music. Gracias por su comentario. Lo sentimos, no hemos podido registrar tu voto. Vuelva a intentarlo Now most all of it makes sense. He's a master of making things look simple and his explanation of the chain of effects was spot on. Note you'll need this WITH the manual it doesn't have everything but if you were having trouble grasping how to just get the basic tones set up and then take it from there, this is what you want. Often times I need to see something to understand it rather than read it if it's the same with you, well, here you go. Gracias por su comentario. Lo sentimos, no hemos podido registrar tu voto. Vuelva a intentarlo It is so easy to follow and it has some great tips and shortcuts that you are going to need with the advanced electronics of this guitar pedal effect.

I have had mine for more than a year and I still refer back to it from time to time. Well worth the investment. Gracias por su comentario. Lo sentimos, no hemos podido registrar tu voto. Vuelva a intentarlo It helped me out a lot. I sold this not too long after I got this. So I don't know if they have made one for the new GT. Gracias por su comentario. Lo sentimos, no hemos podido registrar tu voto. Vuelva a intentarlo Gracias por su comentario. Lo sentimos, no hemos podido registrar tu voto. Vuelva a intentarlo I'm using it to understand the Bass version of the GT10B. Thanks. Gracias por su comentario. Lo sentimos, no hemos podido registrar tu voto. Vuelva a intentarlo For the price paid I thought it would go more in depth with the different features of the unit. I felt that it mostly just helped you develop a custom tone. Gracias por su comentario. Lo sentimos, no hemos podido registrar tu voto. Vuelva a intentarlo. Geely bought the Swedish brand In an announcement earlier on Monday, Hyundai said the elevation of Ioniq from individual vehicle nameplate to a brand will support its goal of capturing 10% of global EV sales within five years. Hyundai shares reached as much as to 162,000 won Chairman Carlos Ghosn out of the country in a box have again been denied release from a U.S. jail. U.S. District Judge Indira Talwani on Friday rejected a bid to free Michael Taylor, a 59-year-old U.S. Army Special Forces veteran, and his 27-year-old son, Peter Taylor, on bail while they fight their extradition to Japan. Talwani said a magistrate judge properly found the two men to be a risk of flight. The Red Bull driver crossed the line at Silverstone 11.

3 seconds clear of Hamilton, with Valtteri Bottas third. "I didn't see it coming but after the first stint it seemed we were really good on tires," Verstappen said after his ninth career win. Please follow the instructions below to enable JavaScript in your browser. The term is usually used within the law enforcement world, where they are officially known as confidential human source CHS, cooperating witness CW, or criminal informants CI. Informers are therefore generally protected, either by being segregated while in prison or, if they are not incarcerated, relocated under a new identity. Many informants are not themselves aware of all of their reasons for providing information, but nonetheless do so. Many informants provide information while under stress, duress, emotion and other life factors that can affect the accuracy or veracity of information provided. Officials may be taking bribes, or participants in a money loop also called a kickback. The equitable and vigilant magistrate conducted him out of the city under a guard, lest the populace should have stoned him. The Jew was ordered to the torture till he should speak as he had been instructed. The innocent were condemned to die. Usually used in reference to Mafia informants, but it has also been used to

refer to informants for Italian paramilitary or terrorist organizations, such as the Red Brigades. Mainly used in relation to World War Two. The bird would flap its wings in a futile attempt to escape. In Russia such person was known as osvedomitel or donoschik and secretly cooperated with law enforcement agencies such as Okhranka or later Soviet militsiya or KGB.
